§14-406.

A triangulation or traverse station may be used in establishing a survey connection with the Maryland Coordinate System if:

- (1) The triangulation or traverse station is established:
 - (i) In accordance with § 14-405 of this subtitle; or
 - (ii) By or in accordance with the requirements of the State department authorized to administer this subtitle; and
- (2) The connection is made in accordance with the regulations adopted by the State department authorized to administer this subtitle.
